

Food Scraps and So Much More...

The advantage of commercial composting is the wide range of organics that can be recycled. Because more heat is generated in large compost piles many more items can be broken down safely and efficiently than in a backyard compost pile.

PUT IT IN!

Food Scraps and Leftovers

- Fruits & peels
- Vegetables
- Meat
- Bones
- Fish
- Dairy
- Eggshells
- Cut flowers
- Coffee grounds & filters
- Bread & grains

LEAVE IT OUT

- No yard waste
- Metal
- Glass
- Plastic
- Liquids
- Styrofoam
- Plastic bags
- Plastic lined paper products

For a comprehensive list check out the full "Acceptable and Unacceptable" list in your Starter Kit and at mankatozerowaste.com.

Why Recycle Organics?

It's a simple thing we can do with good results for our planet.

Over one-third of our trash is made up of organics that could be composted.

When we compost, we...

- Keep organic waste out of the trash and landfill.
- Reduce garbage disposal waste going to wastewater treatment plants.
- Create a nutrient rich product to add to soil.

And

Frequently Asked Questions

Do I have to live in the city limits to drop-off my food scraps?

No. You can now sign up if living outside Mankato, North Mankato or Lake Crystal. Just sign up with the city of your choice and use its dumpster. (See details on back page.)

What happens to my organics?

They are trucked to a composting facility near the Twin Cities where they will be turned into compost in 4-6 months.

Is there a charge?

No. Renters or home-owners can use this as a city provided service.

When can I drop off my organics?

Once you've signed up, anytime during daylight hours.

Why can't pet waste be included?

It's prohibited by the Minnesota Pollution Control Agency for containing illness causing bacteria.

Do scraps need to be bagged?

Yes. Either in a paper sack or a BPI compostable bag. Pizza boxes and paper egg cartons can be left unbagged. ***NO regular plastic bags, please.***

More Tips?

Visit mankatozerowaste.com for more info and a page on "How to get started."

How do I sign up?

In **Mankato** call the 311 City Line (507-387-8600) or go to www.mankatomn.gov to sign up on-line.

North Mankato residents can sign up with April at City Hall, 507-625-4141.

In **Lake Crystal** call City Hall for sign up, 507-726-2538.

2 Mankato dumpster locations:

Public Works Center,
501 S. Victory Dr.

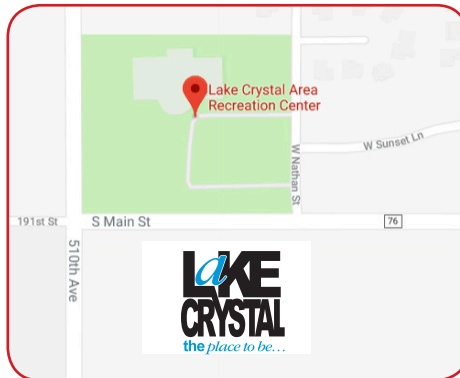

Sibley Park, 901 Mound Ave
(near Animal Impound)

North Mankato
Riverbend Recycling Center
600 Webster Avenue

Lake Crystal
Recreation Center
621 W. Nathan St

Organics Recycling for Composting

It's as easy as 1,2,3!

1

Sign up with your city and collect your organics from kitchen and bathroom.

2

Place your organics in paper bags or compostable bags.
